INTRODUCTION

NEBRASKA OFFICE OF HIGHWAY SAFETY (NOHS)

The procedures outlined in this manual are based upon the requirements of the Highway Safety Act of 1966 (United States Code, Title 23, Chapter 4, § 402, § 405, § 408 and § 410) and subsequent amendments; the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users ("SAFETEA-LU"); Nebraska Revised Statutes; and Administrative Orders issued by the National Highway Traffic Safety Administration (NHTSA), and the Nebraska Office of Highway Safety (NOHS). The NOHS is a division within the Nebraska Department of Roads and is responsible for the administration and distribution of these federal funds which Congress appropriates annually.

This guide has been prepared by the NOHS to provide guidance in conforming to the federal fiscal and technical requirements. All governmental agencies and subdivisions and 501c3 non-profit organizations are encouraged to take an active part in Nebraska's Highway Safety Program.

These funds are utilized to reduce Nebraska's fatal and serious injury crash rates. Statewide problem identification analysis reveals a wide variety of highway safety problems ranging from human factors to roadway environment. The funding supports projects and activities that contribute to the reduction of traffic crashes resulting in fewer deaths and injuries.

Funding is provided to assist with the implementation of projects, which will address specifically identified traffic-related problems. Specific emphasis areas include alcohol, speed, occupant protection, and youth. Only governmental agencies and subdivisions and 501c3 non-profit organizations are eligible for funding assistance.

Project funding assistance may be considered for up to three consecutive years and must be reapplied for annually. Funding assistance from the NOHS is used as "start up" or "seed money" to implement a project. Upon conclusion of the NOHS funding, it is expected that successful projects will continue. The NOHS may provide first year funding assistance to projects at 90% or 100% of the grant contract costs. If the project effectively impacts the identified traffic problems, second year funding may be considered at 75%. If the project continues to demonstrate impact, funding may be considered for a third year at 50% of the first year's cost. The NOHS reserves the right to determine appropriate hard match contributions. The applicant/organization must provide the balance of funding.

Federal funds allocated to finance state and local government highway safety projects are intended to supplement, not be a substitute for, ongoing state or local program expenditures. Projects should be designed to eliminate a deficiency in an applicant agency's program or to expand an existing program.

Federal grants are funded in the form of reimbursable contracts. Reimbursement is made by the NOHS on a monthly basis upon receipt of a claim for reimbursement made by the applicant agency.

It is the responsibility of each agency to notify the NOHS in writing immediately when a funded proposal has been funded from another source. Failure to make this notification could result in supplanting which is a direct violation of federal rules or could adversely affect future funding opportunities.

When an applicant/organization is awarded highway safety funding, they must abide by all federal requirements which includes all applicable federal statutes, regulations, executive orders, National Highway Traffic Safety Administration (NHTSA) guidelines, Office of Management and Budget (OMB) Circulars and other federal requirements as referenced in the NHTSA Highway Safety Grant Management Manual. This manual and all associated federal regulations must be reviewed by the applicant and are available on the website at: http://www.nhtsa.gov/nhtsa/whatsup/TEA21/GrantMan/HTML/00_Manl_Content1_01.html.

GRANT CONTRACT PROPOSAL GUIDE

The Nebraska Office of Highway Safety (NOHS) is responsible for the planning, administration, and evaluation of the state's federal highway safety funding that is authorized by Congress. Federal funding is provided to assist states and their counties and communities initiate projects which direct activity towards resolving identified and prioritized traffic safety problems. Only governmental agencies, their subdivisions and 501c3 non-profit organizations are eligible for funding assistance. Through analysis of crash data, the following 23 counties and their communities have been identified as "Priority Counties" for fiscal year 2013.

Adams	Dakota	Gage	Lincoln	Saline	Seward
Buffalo	Dawson	Hall	Madison	Sarpy	Washington
Cass	Dodge	Hamilton	Otoe	Saunders	York
Custer	Douglas	Lancaster	Platte	Scotts Bluff	

The following program guidelines focus federal funding assistance in those areas that have a maximum probability of reducing death and injury on roadways. Nebraska's emphasis areas are alcohol, speed, occupant protection, and youth. Project activity should be directed toward one or more of these emphasis areas. Activity must focus on the reduction of fatal and serious injury crashes.

Grant contract expenditures must meet the following criteria:

- Increase rather than replace existing activities.
- Represent an additional cost.
- Be necessary, reasonable and supported in the budget narrative.
- Be eligible expenses under local, state, and federal laws/regulations.

The following items are not eligible for grant contract funding (unallowable costs):

- Highway maintenance, construction, or design.
- Office furniture and fixtures.
- Land.
- Regulatory traffic signs.
- Alcoholic beverages.
- Entertainment.
- Lobbying costs.

Applicants are encouraged to "leverage" funds requested from the NOHS with staff, financial, or other resources which they are able to contribute to the proposed project. Funding assistance is intended to be used as "start up" or "seed money" to implement a project. Project activity that is successful is expected to continue after the NOHS funding assistance ends. Projects may be considered for funding assistance for up to three consecutive years with annual grant contracts between the NOHS and the funded project. In the first year, the NOHS typically provides funding assistance to projects at 90% or 100%. If a second year is applied for, it is considered for no more than 75% of the first year project cost. In the event a third year is applied for, no more than 50% of the first year costs will be considered. The applicant must provide the remaining funding.

A cost assumption plan is required as part of the initial application. The cost assumption plan is a detailed description of how the applicant plans to continue the project activity after the NOHS funding assistance ends. Continuation of project activity may be accomplished with other funding and/or additional agencies' efforts.

The NOHS will review applications submitted by the due date in accordance with the selection criteria. Each applicant will be notified of project approval or denial no later than forty-five (45) days after the application deadline. Grant Contracts will be funded contingent upon receipt of funds from federal sources and approval based on project merit. The "Grant Contract Period" should not exceed 1-year as grants must be applied for annually. Approved projects will begin project activity October 1st.

Review Certification and Assurances (Attachment A).

How to Apply

These instructions provide potential applicants with the appropriate format needed to prepare a project proposal.

Proposals must be received by June 30, 2012, to be considered for Federal Fiscal Year 2013, beginning October 1, 2012.

Please submit to:

Nebraska Office of Highway Safety
P.O. Box 94612
Lincoln, Nebraska 68509-4612

Listed below are the required components followed by a description of each component. The entire request should be no more than four (4) pages in length. Attachment B is a sample project application.

- ✓ PROJECT TITLE AND SUMMARY
- ✓ ORGANIZATIONAL BACKGROUND
- ✓ PROBLEM IDENTIFICATION
- ✓ GOAL
- ✓ OBJECTIVES
- ✓ STRATEGIES
- ✓ EVALUATION
- ✓ BUDGET PROPOSAL/BUDGET NARRATIVE
- ✓ COST ASSUMPTION

PROJECT TITLE AND SUMMARY

Select a name for the proposed project. The summary should provide a clear and concise overview of the request. It should appear at the beginning of the proposal, although it will be the last item completed during preparation. The summary should include the following:

1. Identification of the applicant/organization.
2. The reason for the project, the issue, problem, or need to be met.
3. The goal of the project.
4. The objectives to be achieved.
5. The kinds of activities to be conducted to accomplish the objectives.
6. The total cost of the project, funds already committed, and the amount requested in the proposal.

ORGANIZATIONAL BACKGROUND

This section is one or two short paragraphs of background information and history to provide credibility about the applicant's organization.

PROBLEM IDENTIFICATION

Problem identification is a critical part of the proposed project. It represents the justification for the proposal and focuses on the conditions the applicant wishes to change. Problem identification looks at a particular situation and identifies causes for the problem.

1. Include three (3) years of baseline information. Data may include statistics on crashes, injuries, fatalities, DWI and moving violation contacts, specific time periods, roadway types, driver age, or other crash-related statistics that support the problem. Crash statistics summarized by county are available on the NOHS website.
2. Identify the cause of the problem. Be specific.
3. Identify the targeted population (i.e., drivers ages 16-20).

GOAL

The anticipated long-term results of the project must impact one or more of the specific emphasis areas. The goal should be written to coincide with the NOHS Statewide FY 2013 Emphasis Area Goals.

The Emphasis Areas and Goals are:

Overall Goal:	Fatal, A and B Injury Crashes Decrease Fatal, A and B Injury Crashes by 4% from the 2009-2011 calendar base year average of 5,137 to 4,851 in CY2013.
Emphasis Area: Goal:	Alcohol Decrease Alcohol-Related Fatal, A and B Injury Crashes by 6% from the 2009-2011 calendar base year average of 606 to 563 in CY2013.
Emphasis Area: Goal:	Occupant Restraint Use Increase the Statewide Observed Seat Belt Use of Front Seat Outboard Occupants in Passenger Vehicles by 4% from the 2011 calendar year usage rate of 84.2% to 88.2% in CY2013.
Emphasis Area: Goal:	Speed-Related Fatal, A and B Injury Crashes Decrease Speed-Related Fatal, A and B Injury Crashes by 11% from the 2009-2011 calendar base year average of 417 to 369 in CY2013.
Emphasis Area: Goal:	Youth-Involved (Age 16 to 20) Fatal, A and B Injury Crashes Decrease Youth-Involved Fatal, A and B Injury Crashes by 8% from the 2009-2011 calendar base year average of 1,577 to 1,401 in CY2013.

(Injury type: A – disabling; B – visible but not disabling)

OBJECTIVES

In order for any project to be successful, it must contain measurable end results. The most useful objectives tell **who** is going to be doing **what, when, how much**, and **how** it will be measured.

1. Describe objective(s) to address the problem.
2. Use actual numbers (baseline data) to support percentages.
3. Do not describe strategies.

STRATEGIES

The next step is to identify the strategies (activities) used to achieve the objectives. The strategies should flow naturally from the problems and implement the objectives.

1. Clearly describe the activities.
2. List activities in sequence.
3. Present reasonable activities that can be accomplished within the time allotted for the project and include completion dates.

EVALUATION

Comprehensive evaluation involves an analysis of whether the project has achieved its stated objectives. It also involves an analysis of the role project activities have played in the accomplishment of those objectives.

1. Administratively evaluate measured/planned activities.
2. Each objective must be evaluated to determine success.
3. Compare pre- and post project activities.

BUDGET PROPOSAL / BUDGET NARRATIVE

The proposed budget for the project is an estimate, but should be as specific as possible in identifying cost items. Examples of estimated costs for a project proposal include: costs of materials acquired and consumed specifically for the purpose of the contract, telephone added as part of the project, printing, postage, office supplies, costs of office space, and special equipment added as part of the project. Promotional items and activities must directly relate to the project objectives offering incentives or encouraging the target audience to adopt specific practices. Avoid using the terms miscellaneous or etc. Include a budget narrative that explains each item listed in the budget proposal.

1. Estimate the costs of the project as accurately as possible.
2. Include reasonable, necessary, and appropriate costs.
3. Justify the costs to anticipated results.
4. Indirect/In-kind costs are not allowed and should not be listed.
5. Provide a budget narrative for each cost listed including out-of-state travel.

COST ASSUMPTION

This is an important item on the application because federal highway safety funds are intended as seed money to start worthwhile activities which will be continued after federal funding assistance is terminated. The applicant/organization must provide a long-term cost assumption plan outlining how the project activity will be continued. Continuation of project activity may be accomplished with other funding and/or additional agencies' efforts.

1. Describe the agency's resources to match funding.
2. Provide a matching plan for requested federal funds.
3. Describe how the project will reach self-sufficiency.

OTHER ITEMS TO BE SUBMITTED WITH GRANT CONTACT APPLICATION

1. The Grant Contract Proposal Cover must be completed including all required signatures and submitted with the application. The Grant Contract Proposal

Cover is Attachment A and a template is available on the NOHS website www.transportation.nebraska.gov/nohs/contract.html.

2. Agency's current Drug-Free Workplace Policy and Seat Belt Use Policy.

POLICIES AND PROCEDURES

The following are the "Policies and Procedures" of the NOHS that are incorporated into each approved grant and/or mini-grant contract. All contractors **must** comply with these "Policies and Procedures" in addition to appropriate state and federal rules and regulations (Attachment A). This guide is located on the NOHS website at www.transportation.nebraska.gov/nohs/pdf/Policies.

ACCOUNTING RECORDS

All grants are required to maintain records that identify the source (federal, state, or local) and application of funds for each line item approved in the project's application. Project directors must provide all supporting documentation for each of the expenditures listed on all submitted 'Claim for Reimbursement' forms. Source documentation may include copies of invoices, timesheets, and computer-generated reports. The NOHS program manager may request to see all documentation during an on-site visit and/or may require additional documentation.

Accurate time records must be maintained whenever employee salaries are claimed as reimbursable expenses. These time records, as well as documentation of the amounts paid, must be available for audit and filed with your grant claim.

AUDIT REQUIREMENTS

According to the Office of Management and Budget (OMB) Circular A-133, contractors that receive \$500,000 or more in a year of federal grant funds from any and all sources must provide a copy of their Single Audit or OMB A-133 Audit to NOHS for any fiscal year that NOHS funds were received. The audit must be received by July 31st of the following calendar year. In addition, all grant contractors are subject to a financial and compliance audit by state and/or federal auditors. All documents associated with the grant project must be made available at any time for inspection by the NOHS or their designated representatives.

The NOHS requires all contractors to complete and maintain detailed accounting records as they apply to the project. These records must be maintained for a period of three (3) years or until any audits are completed. All projects are subject to audit by the appropriate state and/or federal agencies. The audit will generally ensure that all costs are properly documented using acceptable accounting techniques and that the provisions of OMB Circular A-87 and A-133 are adhered to.

Each approved project application will show the appropriate Catalog of Federal Domestic Assistance (CFDA) number to call attention to the need for inclusion in a Single Audit by the contractor. The complete set of the NOHS CFDA numbers as administered by NHTSA are listed below:

CFDA Number	Fund Type	Fund Description
20.600	Section 402	State and Community Highway Safety
20.601	Section 410	Alcohol-Impaired Driving Countermeasures Incentive Grants

Personal Services	Salaries, benefits, overtime, training and project-related travel expenses.
Contractual Services	Individual consultants, or firms performing services, special studies, or gathering data pertaining to the project.
Commodities	Materials acquired and consumed specifically for the purpose of the grant contract: telephone added as part of the project, printing, postage, and office supplies specific to the project.
Other Direct Costs	Rent and special equipment added as part of the project.

CERTIFICATION AND ASSURANCES

Contractors are required to become familiar with the contents of Attachment A "Certification and Assurances" located in this Grant Contract Proposal Guide and Policies and Procedures and are notified that failure to do so will not excuse nonperformance or noncompliance.

COMPETITIVE BIDS

All equipment, services, and/or commodities purchased under the grant contract that have unit values in excess of \$500.00 or multiple identical units of equipment and/or commodities procured having a total accumulated value in excess of \$500.00 must be acquired only as a direct result of competitive bids. A minimum of three (3) documented bids are required unless purchased from a State contract. Copies of all competitive bids must be submitted to the NOHS for examination and final approval. Selection of the vendor will be made on an overall economic basis, including but not limited to, the lowest bid. Permission to accept other than the lowest bid must be expressly approved in writing by the NOHS prior to acceptance/purchase.

COMPLIANCE

In addition to the policies listed in this guide and in the grant contract document, the grant contractor will comply with all applicable federal and state laws, rules, and regulations.

CONFLICT OF INTEREST

No person performing services for the grant contract shall have a financial or other personal interest in any contractor or subcontractor involved in the project other than their employment or retention by the grant contract.

CONTRACT REVISIONS

Grant contract proposals may be amended prior to or after signing. The amendments are not binding unless they are in writing and signed by persons authorized to bind each of the parties. The signature of the NOHS Administrator is necessary to authorize the revision. If additional tasks or costs are authorized in the revision, the contractor must not begin work on the additional tasks or incur the additional costs until the revisions are fully executed. Retroactive approval of revisions will not be granted; costs incurred in such situations will not be reimbursed. A revision cannot be used to authorize new or different activities not related to the scope of the grant being revised. Revised contracts require revised budget proposals which must be provided to NOHS with the contract revisions.

COST ASSUMPTION

The formal cost assumption plan is a detailed description of how the grant contractor plans to continue the project after the NOHS grant funding assistance concludes. Continuation of the project activity may be accomplished with other funding and/or additional agencies' efforts. The cost assumption plan must be in place prior to receiving any funds.

DRIVING POLICY

The policy of the NOHS is to ensure that vehicles are driven legally, safely, and defensively. Contractors and their staff are to carry a valid vehicle operator's license, the required liability insurance, maintain good driving records, and utilize safety belts.

DRUG-FREE WORKPLACE POLICY

All grant contractors and/or their agents are required to have an approved drug-free workplace policy in effect for all employees. An official copy of this policy must be provided with the grant contract proposal. The State of Nebraska is committed to providing an employment environment that is drug-free.

EQUAL EMPLOYMENT OPPORTUNITY (EEO)

Grant contract recipients and/or their agents will not discriminate against any employee or applicant for employment because of race, religion, sex, age, color, national origin, or mental/physical disability. The grant contractor will take affirmative action to ensure that applicants and employees are treated equally without regard to their race, religion, sex, age, color, national origin, or mental/physical disability. The grant contractor and/or their agents shall not discriminate against any person based on race, religion, sex, age, color, national origin, or mental/physical disability in the use of any property or facility required or developed pursuant to a highway safety contract. The grant contractor and/or their agents shall comply with Title VI and Title VII of the Civil Rights Act of 1964 as amended and all applicable requirements pursuant to regulations of the U.S. Department of Transportation.

EQUIPMENT PURCHASE (also refer to Competitive Bids)

All equipment purchases must be specifically itemized in the budget proposal. If not included in the original budget proposal, expressed written approval from the NOHS is required prior to any purchase. Competitive bids (a minimum of three (3) bids) are required on any equipment purchase in excess of \$500.00.

Upon receipt of any equipment purchased with federal funds, the grant contractor must complete an "Equipment Inventory Log" and submit it to the NOHS. The "Equipment Inventory Log" is located on the NOHS website. The grant contractor shall appropriately maintain any equipment purchased under the grant contract. NOHS staff will provide a NOHS inventory tag to be placed on all equipment purchases.

Equipment Purchase/Inventory Procedures - \$5,000.00 or More

- Equipment purchases of \$5,000.00 or more must receive prior written approval from the NOHS.
- Upon receipt of the equipment the grant contractor must complete an "Equipment Inventory Log" and forwarded to the NOHS.
- For all equipment purchases over \$5,000.00, the serial number for the item shall be considered the inventory number.
- Annually, the NOHS will forward a physical inventory request form to each contractor requesting physical inventory be conducted of equipment purchases over \$5,000.00.
- No contractor shall dispose of any equipment without written approval from NOHS. Disposal of the equipment will be according to the applicable State and Federal regulations.

Equipment purchased with federal funds that has a market value of more than \$1,000.00 or has any useful life remaining and is not fully depreciated may not be disposed of in any manner by the grant contractor without the expressed written approval of the NOHS. Should a grant

contractor desire to dispose of such equipment, the grant contractor will immediately notify the NOHS. Disposal of the property will be according to applicable state and federal regulations. All grant contract funded purchases must be requested, purchased, invoiced, and delivered prior to the end of the grant fiscal year, September 30.

FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA)

The Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act – P.L. 109-282, as amended by section 6202(a) of P.L. 110-251) requires the Office of Management and Budget (OMB) to maintain a single searchable website that contains information on all federal spending awards. The site is www.USASpending.gov. The Transparency Act requires every grant/sub-grant/contract/sub-contract equal to or greater than \$25,000.00 awarded by the NOHS to be accounted for on the Federal Funding Accountability and Transparency Act Sub-award Reporting System (FSRS) at www.fsrs.gov.

All contractors awarded federal NOHS funding equal to or greater than \$25,000.00 will be required to submit specific information requested by the NOHS accountant to comply with the Transparency Act.

GRANT CONTRACT AWARD

Upon receipt of the Grant Contract Award, the Project Director, Authorized Official, and the Financial Officer must sign (in ink), date, and return the grant contract award to the NOHS. The signature of the NOHS Administrator and/or Governor's Representative for Highway Safety authorizes the Grant Contract Award. A copy of the approved Grant Contract Award will be returned to the grant contractor. Receipt of this signed copy provides formal approval of the grant contract. The grant contractor may not begin incurring costs according to the terms of the grant contract until the Grant Contract Award has been fully executed.

GRANT CONTRACT MONITORING

Desk Monitoring -- All grant contract activities and expenditures will be reviewed each month by the NOHS staff. Monthly monitoring occurs when the NOHS project manager reviews the contractor's monthly activity report and monthly reimbursement request.

On-Site Monitoring -- All grant contractors are subject to on-site monitoring visits by the NOHS staff. On-site monitoring visits will be conducted at least annually and may occur more frequently and at any time during the grant contract period. Calls, letters, and occasional meetings are generally not sufficient to adequately monitor a project, particularly those that are more complex. The project manager will need to go on-site annually to review project status, documents, contractor management, and financial systems.

INDIRECT COSTS

Indirect costs are those costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned directly to Federal awards and other activities as appropriate, indirect costs are those costs remaining to be allocated to benefited cost objectives. A cost may not be allocated to a Federal award as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been assigned to a Federal award as a direct cost.

LOBBYING

Funding may not be used directly or indirectly to pay for any personal services, advertisement, telegram, e-mail service, telephone, letter, printed or written matter, or other devices intended to influence a member of Congress in acting upon legislation. Federal funds are also prohibited for use in "grassroots" lobbying campaigns that encourage third parties, members of special interest groups, or the general public to contact members of Congress in support of or in opposition to a legislative or appropriations matter. This applies to Congressional and State legislators.

LONG DISTANCE TELEPHONE CALLS

Grant contractors may be required to provide supporting documentation for long distance telephone calls being reimbursed by the NOHS. The supporting documentation will include a list of all long distance calls, the length of the long distance call and the nature of the long distance call. This information is to be submitted with the monthly reimbursement request.

MATCHING FUNDS

The NOHS may require the grant contractor provide a hard match dollar contribution to the project. As an example, if the grant contract requires a 30 percent hard match, the grant contractor must contribute 30 cents of every dollar expended on the project. Indirect/In-kind services are not considered hard match contributions.

MILEAGE

In-state travel expenses may include personal vehicle mileage. Mileage will be reimbursed at the rate allowed by the grant contractor, not to exceed the standard rate established by the Internal Revenue Service. All personal vehicles used for travel must be in compliance with all Nebraska motor vehicle laws.

MINI-GRANT CONTRACT APPLICATION AND AWARD

The mini-grant application and award process provides funding assistance for a specific, short term activity. Applicants may apply for funding assistance through the mini-grant process at any time during the year. Mini-grants are available to law enforcement agencies for speed detection equipment, in-car camera equipment, preliminary breath testing instruments and selective overtime enforcement. Other political subdivisions and 501c3 non-profit organizations are eligible for mini-grant funding assistance in the areas of public information and education and traffic training. Specific information regarding the mini-grant application and award process is available at the NOHS website at www.transportation.nebraska.gov/nohs/mgd.html.

MINI-GRANT CONTRACT AND AWARD REIMBURSEMENT

The mini-grant contract and award reimbursement process has specific criteria for each type of mini-grant. The specific reimbursement process and the required supporting documentation is contained in the body of the actual mini-grant application and award. If additional supporting documentation is required, those requirements will be addressed in the correspondence forwarded with the approved mini-grant. The required supporting documentation shall be attached to the Mini-Grant Contract Claim for Reimbursement. The form is available at the NOHS website at www.transportation.nebraska.gov/nohs/contract.html.

MINORITY AND WOMEN BUSINESS ENTERPRISES (MBE & WBE)

The grant contractor shall make every effort to consult vendors representing minority and women's business enterprises before expending federal highway safety funds. A minority and women's business enterprise is defined as a small business, which is owned and controlled by socially and economically disadvantaged individuals. "Socially and economically disadvantaged individual" means a citizen of the United States or person lawfully residing in the United States or its possessions who is a minority or woman regardless of race or ethnicity or any other individual found disadvantaged by the Small Business Administration.

OVERTIME

Overtime compensation is not allowed unless expressly pre-approved in writing by the NOHS.

PERSONAL SERVICES / SUPPLANTING

Salaries of personnel paid for in a grant contract must be new (additional) positions. The grant contract cannot be used to supplement or replace salaries of existing personnel (supplanting). Exceptions may be considered for grant contracts relating to specific overtime activity. If the grant contract transfers current personnel to the project, the grant contractor must hire and maintain additional personnel to fill the vacancy created by the transfer. Whenever the staffing level drops below the grant contract award level, the NOHS reserves the right to deny the personal services reimbursement. In summary, salaries paid under a grant contract should represent payment for personal services over and above the existing staffing level of the department, agency, or office.

All personnel funded under the grant contract must be identified by name and date of hire. Any changes in grant contract personnel, reassignments, or terminations must be reported in writing. Payment for personal services may only be reimbursed for work performed within the dates of hire. Work performed prior to the documented hire date or after the documented termination date under the grant contract cannot be reimbursed. Payment can only be reimbursed for personnel specifically identified in the approved budget proposal. For example, if the budget specified one (1) traffic officer at 100%, reimbursement of personnel expenses cannot be made for two officers, each working 20 hours of a 40-hour shift. Reimbursement can only be made for the one officer.

The NOHS reserves the right to adjust salary levels outlined in the grant contract application that it considers disproportionate for the task. Any fringe benefits, holidays, vacation, sick leave, or compensatory time must be consistent with the state or local unit of government for which the contract is written.

Grant contract funded personnel are to expend 100% of their time in the development, implementation, and evaluation of the activities specified in the approved grant contract unless otherwise expressly approved in writing by the NOHS. Timesheets must be maintained for all grant-funded personnel reflecting the dates and hours of work charged to the project. The Weekly Time Report sample is available on the NOHS website. If personnel are funded 100% through the grant contract, their activity must be 100% in support of activities agreed upon in the grant contract award. Payment for grant contract funded personnel performing tasks outside the grant contract will not be reimbursed. For example, grant contract funded traffic officers are provided to increase the level of traffic law enforcement in a jurisdiction. As such, they are prohibited from providing funeral escorts or parade duty. Special DUI prosecutors are provided solely for the purpose of increasing DUI and other dangerous driving case convictions.

and relieving the backlog of such cases. They are prohibited from utilizing federal highway safety funds for prosecuting or handling other cases such as burglary, aggravated assault, etc.

PRINTED MATERIALS

Materials printed as part of the grant contract shall indicate that the project is sponsored by the NOHS. Materials need to display the NOHS logo and/or words "Funded by the Nebraska Office of Highway Safety" or "Printed with State Highway Safety Funds." All public awareness/education materials developed as a part of a highway safety grant contract are to be submitted in draft form to the NOHS for written approval **prior** to production and/or distribution.

The grant contractor reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use and to authorize others to use for federal government purposes: 1) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and 2) any rights of copyright to which a grantee, subgrantee, or a contractor purchases ownership with grant support.

These items may not be copyrighted without the expressed written permission of the NOHS. One copy of all materials printed as a part of the grant contract must be submitted along with the monthly reimbursement request.

PROGRAM INCOME

Definition: Program income means gross income received by the grant contractor directly generated by a grant-supported activity or earned only as a result of the grant contract agreement during the grant period.

Reporting Requirement -- If the funded grant contract **generates income**, the source of the income and the amount must be reported on each Grant Contract Claim for Reimbursement (CR) form submitted to the NOHS. Program income is defined as any income generated as a direct and/or indirect result of the project. Any program income not reported to the NOHS on the monthly CR may be cause for termination of the grant contract. (It is the responsibility of the grant contractor to maintain appropriate accounting records regarding program income.)

Utilization -- Program income may be used to support the project activities as follows:

1. Program income may be used to meet cost sharing or matching requirements of the grant contract agreement.
2. Program income may be placed in a special account and included in the cost assumption plan for project continuation as federal funding decreases. If the project is discontinued, any fund balance in the special account must be returned to the NOHS.

PUBLIC COMMUNICATIONS / PAID ADVERTISING

Costs to purchase program advertising space in the mass communication media is allowable but must be approved in advance by NOHS. This includes the purchase of radio time, television time, billboard rental, magazine or newspaper advertisements or any other paid advertising. Television public service announcements should contain closed-captioning of the verbal content.

RECORD RETENTION

The NOHS requires all grant contractors to complete and maintain detailed accounting records

as they apply to the project. These records must be maintained for a period of three (3) years or until any audits are completed. All projects are subject to audit by the appropriate state and/or federal agencies.

REIMBURSEMENT PROCEDURES

All costs associated with the approved grant contract will be reimbursed monthly after the expenses have been incurred. If, through any cause, the grant contractor shall fail to fulfill in a timely and proper manner its obligation under the awarded grant contract or if the grant contractor shall violate any of the covenants, agreements, or stipulations of the grant contract, the NOHS shall thereupon have the right to terminate the grant contract and withhold further reimbursement / payment of any kind by giving written notice to the grant contractor of such termination and specifying the effective date thereof, at least thirty (30) days before such date. The NOHS shall be the sole arbitrator of whether the grant contractor or its subcontractor is performing its work in a proper manner with reference to the quality of work performed by the grant contractor or its subcontractor under the provisions of this contract. The grant contractor and the NOHS further agree that either party may terminate this contract by giving written notice of such termination and specifying the effective date thereof, at least thirty (30) days before such date.

The Center County Health Department is dedicated to the reduction of trauma related death and injury in Center County. During 2011 the alcohol-related fatal, A and B injury crash rate was ____ which is above the State rate of _____. The Center County Health Department officials support the formation of an impaired driving program to assist in reducing alcohol-related fatal, A and B injury crashes. In order to implement the impaired driving program, a coordinator for the project is needed. Utilizing the coordinator, program objectives would result in a 5% reduction, from ____ to ____, in the alcohol-related fatal, A and B injury crashes. Activities will include establishing a designated driver program within the County, working with the Safe Communities Coalition, working with on and off sale licensed liquor establishments, special permit events and high schools within the county. The total cost of the project would be \$38,300, \$11,000 to be furnished by Center County, \$800 from the Center Chamber of Commerce, and \$26,500 from the Nebraska Office of Highway Safety.

ORGANIZATIONAL BACKGROUND

The Center County Health Department consists of 18 employees with contacts from the public, private, and nonprofit sectors dedicated to the reduction of unintentional injuries. Since its inception in 1952, the Center County Health Department has continuously strengthened its networking system. PROBLEM IDENTIFICATION

In Center County, the alcohol-related fatal, A and B injury crash rate exceeds the State rate. Alcohol-related fatal, A and B injury crashes averaged ____ in 2009-2011. During the same previous three-year period, ____ citations have been written by local law enforcement for impaired driving and there have been ____ convictions for impaired driving. The residents within Center County will benefit from an intense countywide educational effort focused on impaired driving. Local law enforcement, the prosecuting attorney's office, and licensed liquor establishments have agreed to participate in the County's Safe Communities Coalition to combat this problem. In order to impact this problem within the county, the number of impaired drivers utilizing the county's roadways must be reduced.

GOAL

The goal of this project is to reduce the number of alcohol-related fatal, A and B injury crashes during the funding period by 5%, from ____ to ____.

OBJECTIVES

Bring together specific individuals within the county to participate in a Safe Communities Coalition. This group will assist in educational efforts and activities addressing the county's impaired driving problem. Law enforcement will be a critical component by actively enforcing the county's impaired driving laws. The prosecuting attorney's office will also be an essential collaborator in prosecuting impaired drivers.

1. Increase public knowledge of the impaired driving problem by ____%.
2. Increase alcohol-related arrests by _____%, from ____ to ____.
3. Increase the conviction rate for alcohol-related offenses by _____%, from ____ to ____.

4. Establish a designated driver program within the county with _____ participating businesses.
5. Reach 75% or _____ of the county's youth, ages 15 - 19, with an educational impaired driving message.

STRATEGIES
